The Board of Directors
Plumbers Licensing Board
Unit 4
321 Selby Street
OSBORNE PARK WA 6017

Dear Board Members

World Plumbing Council and World Health Organisation

In September of 2008 a number of delegates from the Master Plumbers & Gasfitters Association of WA attended the World Plumbing Council 2008 Conference in Calgary, Canada.

Please find enclosed Minutes from that meeting and a paper entitled "A Vision" which comments on where the World Plumbing Council ("WPC") has come from and where is it going.

A very interesting PowerPoint Presentation (see attached) was delivered by Mr John McBride who represents the WPC on the World Health Organisation ("WHO").

Mr McBride made some very strong points concerning regulations that the Executive Committee of the MPGA thought would be of interest to you.

There are also a number of papers that have been developed within the WHO and WPC Collaboration Project that may also be of interest to you.

If any of you would like to discuss any of the items addressed in the attached documentation, I would be more than happy to meet with you to further discuss.

Yours sincerely

Murray Thomas
CEO
